CAMBUSLANG CINEMA TO BE REBUILT

The Cambuslang Picture House Company (Ltd.) have decided to rebuild the Picture House, near Cambuslang terminus, which was the scene of a fire in August last year, only the front and walls of the building being left standing. Since the fire a gale about the end of last year created further damage, and part of the back wall was blown down. The work of reconstruction will commence immediately, and the cost is roughly estimated at £10,000.
